Tii Flush Mount Closures provide an ideal solution to centrally locate equipment used to deliver voice, data, video, audio or wireless services at the premise.

Manufactured from high performance engineering thermoplastic that will not impede RF signals where wireless networks are deployed.

Provides ease of installation and efficient organization of ONTs, battery back-up and residential gateways. Modular design and rear mounting pattern give a wide latitude for hardware locations with ample ventilation to keep equipment cool. 180 degree hinged cover allows for quick and easy access to network equipment which can be mounted in multiple locations by means of Velcro straps, shelving support clips and other cable management components (*Accessory Kit FMC-A1*).

KEY PRODUCT BENEFITS

- ▶ Ideal for wireless applications
- ▶ Available in 15", 30" and 45" lengths
- ▶ Molded from material that does not impede RF signals
- ▶ Rear mounting pattern gives a wide latitude for hardware/equipment locations
- ▶ Equipment can be mounted in multiple locations by means of Velcro straps and tie-wraps
- ▶ Easily accessible knockouts for cable management
- ▶ Mounting flanges spaced for 16" on center wall studs
- ▶ Ample ventilation to keep equipment cool
- ▶ Closures are molded in flame retardant engineering thermoplastic for high impact/heavy duty use
- ▶ 180 degree hinged cover allows for quick and easy access to network equipment

INDUSTRY STANDARDS

- ▶ Meets UL Standard 2416, Issue 2

Flush Mount Closure Series

Dimensions are in Inches

ORDERING INFORMATION/ACCESSORIES

Model #	Description
FMC-15	15 inch enclosure, base and cover - (4) #8 x 3/4" lg. flat head screws, (4) #8 x 2" pan head screws, (4) #6 x 1/4" lg. pan head self-tapping screws and paint shield (FMC-15B + FMC-15C)
FMC-30	30 inch enclosure, base and cover - (4) #8 x 3/4" lg. flat head screws, (8) #8 x 2" pan head screws, (4) #6 x 1/4" lg. pan head self-tapping screws and paint shield (FMC-30B + FMC-30C)
FMC-45	45 inch enclosure, base and cover - (4) #8 x 3/4" lg. flat head screws, (12) #8 x 2" pan head screws, (4) #6 x 1/4" lg. pan head self-tapping screws and paint shield (FMC-45B + FMC-45C)
FMC-A1	Accessory Kit: (1) #10-32 x 1.160 Ground Stud, (3) Nuts, (6) Washer, (6) Mini-shelves, (10) Velcro/wire tie clips, (26) #8 x 3/8" self-tapping pan head screws, (5ft) 1/2 inch Velcro
FMC-LK	Lock Kit: Cam Lock
