FP01-01-01

The FP01 Series are single port fiber adapter plates that snap into Tii's 169F, 171F, 506F, 507F, 508F, 509F and OD-ONT-ENC Series Fiber Enclosures. The fiber plate functions as a demarcation point for the incoming fiber drop and distribution out to the customer.

KEY PRODUCT BENEFITS

- ▶ Fits into Tii's 169F, 171F, 506F, 507F, 508F, 509F and OD-ONT-ENC Series Fiber Enclosures
- ▶ Allows for cable management of small radius fibers
- ▶ Strain relief provision for incoming fiber drop
- ▶ Accommodates two single fusion splice sleeves
