

FDX7 Series

FDH Cross-Connect Cabinet

FTTx

MDU

Utility/Municipality

FDH Cross-Connect Cabinets are a weatherproof family of metal enclosures for outdoor use which can be pole, wall or pad mounted.

The Cabinet is configured as a high density modular cassette solution for up to 288 customer service drops. Flexible design and options support a wide range of deployment styles including fusion splicing, field termination, and factory terminated cable stubs.

KEY PRODUCT BENEFITS

- ▶ 288 fiber demarcation and distribution
- ▶ Modular patch & splice cassettes
- ▶ Available with feeder and distribution factory cable stubs
- ▶ Side door distribution access
- ▶ Pole, wall and pad mount options
- ▶ Pad skirt options for extra slack storage

INDUSTRY STANDARDS

- ▶ GR-3125, GR-1209, GR-1221, GR-326, GR-20
