FET3G-SPL02

The FET3G-SPL Outdoor Splice Enclosure is a compact unit which can accommodate up to Four (4) FST-ASF24 24 fiber splice trays. This weatherproof design is ideally suited for outdoor pole or wall mount installations and is configured to accommodate up to 96F splicing.

KEY PRODUCT BENEFITS

- ▶ Provides splice point between outdoor fiber cable and indoor cable
- ▶ Can be used as a riser accumulation splice point in MDU/MTUs
- ▶ Constructed of superior materials capable of withstanding harsh outdoor environments, including UV degradation, chemical exposure, and extreme temperatures
- ▶ Strain reliefs accommodating compression fittings for feeder fiber with grounding provisions
- ▶ Outer covers secured by 216 tool compatible 3/8" hex head bolt with padlock provisions

INDUSTRY STANDARDS

- ▶ Meets NEMA-4, GR-771 and GR-2898 Requirements
- ▶ TPR-9459
- ▶ cUL Listed
